DESCRIPTION

The warm waters of the Everglades give life to palms and grasses. Green and vibrant, this combination of two organic décors lends a feeling of life to an interior application.

All natural décors are produced using a hand applied technique. Layout and coverage will vary slightly from sheet to sheet due to the artisan nature of the manufacturing process. Some products use natural materials that can change color over time and will vary in size, shape, color and texture within a single sheet. Colors may vary with harvest season.
